

K-Love is found on our radio station 88.1 FM in Omaha.

I just received a letter from them informing me of the proposal to allow LPFM to take priority over K-Love.

I support K-Love in my community. I listen to that station at least 95% of the time. Their broadcast is positive and encouraging - something we desperately need.

I am requesting that you allow them to stay on the air in my area.

My family, my roommates, and most of my friends listen to this station as much if not more than I do.

Please do not take this away from us.

Thank you. God Bless.
